Hi Jody—Attached are EPA's draft responses to Questions for the Record from the April 28 hearing on EPA's proposed budget in front of the Senate Environment and Public Works Committee. This set is ready for interagency review. Please let me know if you have any questions or issues to flag.

Also in an effort to stay coordinated, here's where we are with other sets of QFRs at the moment:

SAC AJP—Hoping to get OMB clearance today. (Maria just emailed our acceptance of the last three interagency comments.)

HAC—Will be sent to OMB as soon as today, through our OCFO.

HEC—Still in review at EPA. We should be sending these to you for interagency review as soon as late this week.

SAC—Hearing was on June 9; QFRs not yet received.

Other EPW/HEC—We also are working on a couple sets nominations QFRs and expecting incoming any day now from the 5/25 HEC water infrastructure legislative hearing.

Thanks,  
Kristien
